

Christian LAVIGNE ★ cybersculptures

CYBERSALY 1
Multiplicité de l'être
robosculpture
2000-2001
SLS polyamide
26X33X32.5cm

Thanks to MATERIALISE (Belgium).

CYBERSALY 1
was created with a 3D digitalization
of Saly's face during SIGGRAPH 2000
in New Orleans. (Saly is my wife.)
This is an allegory on the numerous facets
of the human being.
A face can hide another face!
