Le secret de l'être
robosculpture
2000-2003
SLS polyamide
34X26X33cm.

Thanks to MATERIALISE.

CYBERSALY 3
was created with
a 3D digitalization
of Saly's face
during SIGGRAPH 2000
in New Orleans.
(Saly is my wife.)
This is an allegory on
the numerous facets
of the human being.
